EZ-COIL® REELS

IT’S NOT JUST A LABEL, IT’S A BADGE OF HONOR

Hose, cord, and cable reels are essential components for applications that require high product flow and/or longer hose such as general duty, automotive dealerships, and service garages. Whether you need a low, medium or high-pressure rating, for grease, oil or air and water, Coxreels offers a reel to fit the application.

The Recognized Industry Leader
Coxreels is wholesale only since 1923. Our product is made to high standards, supplying industrial grade product to distributors and OEMs worldwide. We are recognized as the leader in the reeling industry. We have been providing the most complete and diverse line of hose, cord, and cable reels for 10 decades!

The Most Complete Line of Safety Reels in the Market
Coxreels’ safety hose reels are designed to ensure long life in the toughest environments where large hose diameters or long lengths are required for increased flow and versatility.

Possible fields of application:
- Air/Water Services
- Chemical Fluid Transfer
- Fuel Delivery
- Service / Utility Trucks
- Pneumatic Tools
- Cabinet Mount
- Lubrication
- General Industrial
- Chemical Plants
- Power Tools
- Construction sites
- Pipelines
- Welding Shops
- Mining & Railroad
- DEF Storage
- Aircraft Refueling
- Nitrogen Dispensing
- Potable Water

Proven Reeling Solutions to Safety Needs!
Safety hose reels not only make hoses last longer, they save time and allow for hassle-free maintenance. Compact design and quality steel construction are incorporated into Coxreels’ diverse line of automotive reels. No matter what your application, we have a solution for you!

Our versatile and wide reel selection handles various capacities and comes in different sizes to suit any service vehicle requirement. Our standard reeling devices suggested in this catalog are already specified to meet the needs of the utility and service markets. Coxreels also has the engineering power to design and build custom reels, so please consult the factory if you cannot locate a reel that will work with your equipment, we will be happy to assist you with a solution.

VALUE THE DIFFERENCE...

Make COXREELS your reel choice!
**PROFESSIONAL GRADE FEATURES**

**A HIGHER LEVEL OF STANDARDS**

- **CPC™ POWDER COAT**
  Our blue powder coat finish is long lasting, chip resistant & rust inhibiting.

- **BRASS SWIVEL**
  External fluid path, machined from solid brass, full flow, swivel for simple seal maintenance.

- **STEEL AXLE**
  1" solid steel axle & lubricated bearings for extra strength & durability. Not a hollow tube & no fluid travels through it.

- **STEEL CONSTRUCTION**
  High-Quality steel construction provides superior strength and durability for heavy-duty applications in commercial and industrial settings.

- **COMPONENT COVER**
  External CPC powder coated steel components cover for simple slip ring routine maintenance.

- **EZ-COIL® SERIES**
  A patented safety system that retracts up to 80% slower than conventional reels.

- **CNC SPUN DISCS**
  All steel rolled edges & ribbed discs for added safety, strength & durability.

- **CARTRIDGE MOTOR**
  Enclosed factory tuned & matched cartridge style motor for safe & easy replacement.

- **LOW PROFILE RISER**
  Low profile riser with open drum slot allows for smooth even hose wraps that will not pinch or bind your hose. NO HUMP!

- **ALL WELDED STEEL “A” FRAME**
  All welded steel “A” frame for strength & durability. NOT BOLTED!

- **2 YEAR WARRANTY**
  Coxreels proudly stands behind our reels as they are built to last!

- **USA MADE, QUALITY & SUPPORT**
  We take great pride in designing, building & supplying the world’s finest reels made right here in the U.S.A.

EFZ-COIL SPRING DRIVEN REELS

SAFETY CONTROLLED RETRACTION

COXREELS Safety Series reels featuring the patented EZ-Coil® Rewind Safety System, engineered and developed exclusively by Coxreels, are the only choice for safe spring driven hose, cord, and cable reel operation in the workplace. EZ-Coil® works uni-directionally without any increase to the amount of resistance when pulling out the hose, cord, or cable. But, when engaged upon recoil, it controls the aggressive spring motor energy resulting in a reel that retracts at a safe and steady pace!

INCREASED SAFETY HOW?

- Reduce retraction speed by up to 80%
- Control hose or cord whip hazard
- Requires no external power source
- Enhance operator & workplace safety
- Keep your workplace organized
- Utilize space & maximize efficiency
- Improve hose, cord, & cable management
- Extend longevity of hose, cord, & cable
- Increase productivity

Based on an independent evaluation performed by COXREELS. Depending on certain conditions, results may vary.

Go online to view EZ-Coil® catalog & videos of features & benefits at www.COXREELS.com
Our patented safety system with retraction speed up to 80% slower than conventional spring driven reels

- **Spiral Hose Guard** protects hose against premature wear
- **Heavy Duty Spun Discs** with rolled edges for greater strength, made with first of its kind CNC robotic spin cell
- **Adjustable, Solid Rubber Hose Stop** for lead length positioning
- **Versatile Guide Arm** made from 10 gauge steel with stamped ribs for added rigidity, adjusts to wall, floor, ceiling, & vehicle mounting
- **Solid Steel Zinc Plated Locking Ring** offers 8 ratchet positions per rotation for ease of use
- **Locking Pawl, Specially Angled** prevents lockout, both pawl and spring are from stainless steel for trouble-free longevity
- **External Fluid Path Machined From Solid Brass 90° Full-Flow NPT Swivel** that screws directly on 1” solid steel axle, provides simple seal maintenance & fast and easy hose installation
- **High Quality Steel Construction** with our durable CPC™ powder coat finish
- **Enclosed Factory Tuned and Matched Cartridge-Style Spring Motor** for safe & easy maintenance
- **Heavy Gauge 1/4” Steel Base & Support Post, Single Piece Construction With No Welds** for maximum stability
- **Super Hub™ Equipped Models:** Increased reel strength for more demanding applications with multiple support to the axle

**Cord Reels Feature:**

- **Heavy Gauge Powder Coated Steel Components Cover** protecting the slip ring & all electrical components
- **Includes 5’ Lead Cable & Grounding Plug** (Except on less cord models)
- **Choice of Electrical Accessories**
COXREELS® EZ-P Series "Performance" spring driven hose reels have a long history of dependability and hassle free performance. Their compact space-saving size and heavy duty construction make them highly versatile and virtually indestructible. Time-tested proven components, superior design and craftsmanship have contributed to it's worldwide reputation as the most trusted hose reel.

**APPLICATIONS**

- Air/Water Services
- Pneumatic Tools
- Washdown
- Lubrication
- Chemical Fluid Transfer
- General Industrial
- Manufacturing Plants & Facilities
- Maintenance, Repair & Operations
- Automotive & Fleet Service Centers

**EZ-P SERIES :: REEL SPECIFICATIONS**

**SWIVEL**

- External fluid path with machined from solid brass 90° full-flow NPT swivel inlet (Zinc plated steel swivel on HP models)
- Swivel Seals: NITRILE

**DESIGN & STRUCTURE**

- Sturdy, single pedestal reel with space saving design facilitates workplace organization
- Guide arm adjusts to wall, floor, vehicle, & overhead positions
- Solid, one piece, heavy gauge 1/4" steel base & support post for maximum stability
- 1" solid steel axle & lubricated precision bearings for smooth rotation

**EZ-COIL RETRACTION**

- OUR PATENTED SAFETY SYSTEM THAT RETRACTS UP TO 80% SLOWER THAN CONVENTIONAL SPRING DRIVEN REELS
- Enclosed, factory tuned & matched cartridge-style spring motor
- Non-corrosive, stainless steel spring, pawl, & zinc plated ratchet
- Multi-position lock ratchet mechanism secures hose at desired length

**SIGNATURE FEATURES**

- Professional grade, heavy duty steel construction
- Durable proprietary CPC™ powder coat process
- Rolled edges & ribbed discs provide strength & safety
- Leading 2-year manufacturer’s limited warranty
- Made in the U.S.A. - Sold & Supported Worldwide

**ACCESSORIZE YOUR REEL :: PG 17**

- Mounting Pattern: 1/4" I.D. x 1/2" O.D. x 25" FT. x 300 PSI
COXREELS® EZ-SH Series “Super Hub™” spring driven hose reels, like the EZ-P Series, have a long history of dependable performance. They accommodate longer lengths and larger diameters of hose. Coxreels’ original Super Hub™ dual axle support system increases the stability during operation, reduces vibration and strengthens the structural integrity of the reel.

- Easy access for connection of air, water, oil, & grease

METAL CABINET: #1796-2
Includes cabinet, access panel & mounting bracket. Weight: 45 lbs.

END PANELS: #1798-1
Includes a set of two, all steel construction. Finshed & caps the ends of each bank. Weight: 8 lbs.
COXREELS® EZ-S Series “Side Mount” spring driven hose reels for cabinet mount are compact, versatile, and unique in the way they mount and operate. They feature a simple two-bolt mounting pattern for easy installation and detachment for multiple workstation applications. EZ-S Series is available for air/water, oil, grease, oxygen-acetylene, and T Grade gas welding hose. The 360° hose direction allows the user to operate the reel in any direction the job demands. Common applications include service units, tool benches, tool boxes, vertical walls and beams, vehicle lift systems, machine tools, service vehicles, or any flat vertical surface.

APPLICATIONS
- Air/Water Services
- Pneumatic Tools
- Lubrication
- Chemical Fluid Transfer
- Welding Shop
- General Industrial
- Cabinet Mount
- Service / Mechanic / Utility Vehicles
- Construction Sites

E-Z-COIL® REELS
**EZ-SG SERIES**

**EZ-SG SERIES - REEL SPECIFICATIONS**

- **Swivel**
  - External fluid path with machined from solid brass 90° full-flow NPT swivel inlet (Zinc plated steel swivel on HP models)
  - Swivel Seals: NITRILE
  - External fluid path with 90° full-flow dual ported brass swivel offering both connections from the same side of the reel (On EZ-SG Models)
  - Swivel Seals: VITON® (On EZ-SGW Models)

- **Design & Structure**
  - Side mount design for vertical flat surface, cabinet, or enclosed space mounts
  - Adjustable, six position guide arm & roller assembly provide maximum hose control
  - 2-bolt mounting pattern easily mounts & detaches for easy installation and detachment on any vertical flat surface. Common applications include service vehicles, tool benches, vertical walls and beams, vehicle lift systems, machine tools, and many more. The guide arm and roller assembly are easily moved to one of the six different positions with a standard ½” wrench.
  - 1” solid steel axle & lubricated precision bearings for smooth rotation

- **EZ-SG Retraction**
  - Our patented safety system that retracts up to 80% slower than conventional spring driven reels
  - Enclosed factory tuned & matched cartridge-style spring motor
  - Non corrosive, stainless steel spring, pawl, & zinc plated ratchet
  - Multi-position lock ratchet mechanism secures hose at desired length
  - Non-locking, less ratchet option available (add suffix –BXC)

- **Signature Features**
  - Professional grade, heavy duty steel construction
  - Durable proprietary COP™ powder coat process
  - Rolled edges & ribbed discs provide strength & safety
  - Leading 2-year manufacturer’s limited warranty
  - Made in the U.S.A. - Sold & Supported Worldwide

**EZ-SGW SERIES - SIDE MOUNT HOSE REELS WITH GUIDE ARM**

COXREELS® EZ-SG & EZ-SGW Series expand the capabilities of the “Side Mount” spring driven hose reels, adding a multi-position guide arm for maximum and convenient hose control. Ideal for tight spaces, the versatile EZ-SG Series (for air/water, oil and grease) and EZ-SGW Series (for oxygen-acetylene and T Grade gas welding hose) features a simple two-bolt mounting pattern for easy installation and detachment on any vertical flat surface. Common applications include service vehicles, tool benches, vertical walls and beams, vehicle lift systems, machine tools, and many more. The guide arm and roller assembly are easily moved to one of the six different positions with a standard ½” wrench.

*Overall Dimensions* : Base Mounting Pattern
COXREELS® EZ-P-W and EZ-SHW Series spring driven “Welding” hose reels are the ideal solution for managing bulky twin line welding hose. The P-W Series, like the EZ-P Series, is more compact in size and shares the reputation for long lasting performance. The EZ-SHW Series has a larger chassis and frame to accommodate longer lengths of welding hose and Coxreels’ original Super Hub dual axle support system for increased stability during operation, less vibration and greater structural integrity.

**APPLICATIONS**

- Manufacturing Plants
- Maintenance, Repair, & Operations
- Welding / Service Trucks
- Welding Shops
- Garage Settings
- Automotive & Fleet Maintenance
- Pipelines
- Mining, Construction, & Railroad Operations

### SWIVEL

- External fluid path with 90° full-flow dual ported brass swivel offering both connections from the same side of the reel
- Swivel lock bracket ensures maximum safety
- Swivel Seals: VITON®

### DESIGN & STRUCTURE

- Designed for Oxy-Acetylene or “T” grade welding hose
- Single pedestal reel with space saving design facilitates workplace organization
- Guide arm adjusts to wall, floor, & overhead positions
- Solid, one piece, heavy gauge 1/4" steel base & support post for maximum stability
- 1" solid steel axle & lubricated precision bearings for smooth rotation
- Coxreels’ exclusive Super Hub™ dual axle support system on models with size index #2 & #3
- Our patented Safety System that retracts up to 80% slower than conventional spring driven reels

### SIGNATURE FEATURES

- Professional grade heavy duty steel construction
- Durable proprietary CPC™ powder coat process
- Rolled edges & ribbed discs provide strength & safety
- Leading 2-year manufacturer’s limited warranty
- Made in the U.S.A. - Sold & Supported Worldwide

### ACCESSORIZE YOUR REEL

EZ-PC SERIES

EZ-PC SERIES POWER CORD REELS

COXREELS® EZ-PC Series spring driven "Power Cord" reels are heavy duty, industrial grade power sources. They replace tangled extension cords and self-retract to increase safety, productivity, and efficiency. Modeled after the EZ-P and EZ-SH Series, the EZ-PC Series are designed for long-lasting, hassle-free performance even under the most demanding conditions.

APPLICATIONS

- Power Tools
- Light Source
- General Industrial
- Manufacturing Plants
- Workshops
- Construction Sites
- Automotive & Fleet Service Centers

EZ-PC SERIES - REEL SPECIFICATIONS

SLIP RING
- External, heavy gauge CPC™ powder coated steel components cover for simple slip ring routine maintenance
- Electrical current runs through a 25 Amp / 600V rated slip ring (35Amp on select models)
- Include 5’ lead cable & grounding plug (Except on less cord models)

DESIGN & STRUCTURE
- Selection of electrical accessories
- Single pedestal cord reel with space saving design facilitates workplace organization
- Guide arm adjusts to wall, floor, & overhead positions
- Solid one piece, heavy gauge 1/4" steel base & support post for maximum stability
- Coxreels’ exclusive Super Hub™ dual axle support system on models with size index #3 & #4
- 1" solid steel axle & lubricated precision bearings for smooth rotation

OUR PATENTED SAFETY SYSTEM THAT RETRACTS UP TO 80% SLOWER THAN CONVENTIONAL SPRING DRIVEN REELS

SIGNATURE FEATURES
- Professional grade, heavy duty steel construction
- Durable proprietary CPC™ powder coat process
- Rolled edges & ribbed discs provide strength & safety
- Leading 2-year manufacturer’s limited warranty
- Made in the U.S.A. - Sold & Supported Worldwide

**EZ-SD SERIES**

**COXREELS® EZ-SD “Static Discharge” cable reels are built heavy duty and designed for long lasting performance.** They are specifically design to be used in combustible environments where the static buildup could ignite a spark and subsequent explosion. Static discharge or grounding reels are commonly paired with fuel hose reels found on page 16.

**APPLICATIONS**

- Fuel / Service Trucks
- Fuel Storage & Dispensing Systems
- Ground Support
- Aviation Static Grounding
- Aviation Refueling
- Vehicle Refueling
- Marine / Ship Refueling / Offshore
- Oil Refinery

**ACCESSORIZE YOUR REEL**

- Mounting Brackets
- Assorted Reel Accessories

**STATIC DISCHARGE**

- Available with 7 strand x 7 wire galvanized steel or stainless steel cable
- High visibility, orange, vinyl cable cover
- Includes cable, ball stop & 50 Amp grounding clamp (100 Amp copper grounding clamp available, consult factory)

**DESIGN & STRUCTURE**

- Compact static discharge cable reel available in spring rewind or direct hand crank retraction
- Commonly paired with fuel reels & used in combustible environment for grounding purposes
- Guide arm adjusts to wall, floor, vehicle, & overhead positions
- Solid one piece, heavy gauge 1/4” steel base for maximum stability
- 1” solid steel axle & lubricated precision bearings for smooth rotation
- Bottom of base is un-powder coated to ground reel

**EZ-SD RETRACTION**

- OUR PATENTED SAFETY SYSTEM THAT RETRACTS UP TO 80% SLOWER THAN CONVENTIONAL SPRING DRIVEN REELS
- Enclosed factory tuned & matched cartridge-style spring motor
- Non corrosive, stainless steel spring, pawl, & zinc plated ratchet
- Multi-position non-sparking lock ratchet mechanism secures cable at desired length

**SIGNATURE FEATURES**

- Professional grade, heavy duty steel construction
- Durable proprietary CPC™ powder coat process
- Rolled edges & ribbed discs provide strength & safety
- Leading 2-year manufacturer’s limited warranty
- Made in the U.S.A. - Sold & Supported Worldwide

**STATIC DISCHARGE CABLE REELS**
**COXREELS® EZ-DEF Series** are equipped with a stainless steel, external full-flow swivel and chemical resistant Viton® seals to provide a safe, reliable Diesel Exhaust Fluid (DEF) dispensing solution. The swivel is easy to access for simple seal maintenance and fast DEF dispenser hose installation. Coxreels® professional DEF reeling systems are available in heavy-duty single pedestal (SH Series) or supreme-duty dual pedestal (T Series) configurations. Both versatile designs are built with Coxreels’ original Super Hub™ dual axle support systems to increase stability and reduce vibration during operation, making these reels the perfect DEF handling solutions for either stationary or rugged mobile applications.

### APPLICATIONS

- Vehicle Refueling
- Tankk Trucks
- Fuel / LubeTrucks
- Fuel Storage & Dispensing Systems
- DEF Storage & Dispensing Systems
- Aircraft Refueling
- Marine / Ship Refueling / Offshore

**EZ-DEF & EZ-Fueling Series - Reel Specifications**

**DEF Series Swivel**

- Non-corrosive stainless steel 90° full flow NPT swivel for Diesel Exhaust Fluid (DEF) dispensing applications.
- Swivel seals: Viton®

**DEF Series Hose**

- DEF dispensing hose designed to convey the high-purity, aqueous urea solution DEF. Temperature Range: -20°F to +190°F
- Hose ID: 3/4”
- Hose O.D.: 1 1/16”
- PSI APRX.: 24 (FUEL) / 50 (DEF)
- Size Index: 2

**Fuel Series Swivel**

- Machined from solid brass 90° full-flow NPT swivel inlet for fuel dispensing applications. Electroless nickel plated steel swivel on 1” models
- Swivel seals: Nitrile

**Fuel Series Hose**

- Fuel dispensing hose designed to convey non-aromatic fuels including diesel, kerosene, fuel oil, & heating oil. Temperature Range: -20°F to +190°F
- Hose ID: 3/4”
- Hose O.D.: 1 1/16”
- PSI APRX.: 24 (FUEL) / 50 (DEF)
- Size Index: 2

**Design & Structure**

- Each of these reels is built of their standard series with their own unique features & benefits

**EZ-DEF REELS RETRACTION**

- Our patented safety system that retracts up to 80% slower than conventional spring driven reels
- Enclosed factory tuned & matched cartridge-style spring motor
- Non-corrosive, stainless steel spring, pawl, & zinc plated ratchet
- Multi-position lock ratchet mechanism secures hose at desired length

**Signature Features**

- Professional grade, heavy duty steel construction
- Durable proprietary CPC™ powder coat process
- Rolled edges & ribbed discs provide strength & safety
- Leading 2-year manufacturer’s limited warranty
- Made in the U.S.A. - Sold & Supported Worldwide

**ACCESSORIZE YOUR REEL**: PG 17

- O-Rings & Swivels
- Mounting Brackets
- Assorted Reel Accessories

**COXREELS® fuel Dispensing Reels** are designed to handle various non-aromatic fuel applications including diesel, kerosene, fuel oil, & heating oil. Coxreels® professional fuel dispensing reels are available in heavy-duty single pedestal (SH Series), or supreme-duty dual pedestal (T Series) configurations. These fuel reels are an essential component found in utility, ground support, and bulk liquid handling transport services mounted on fuel storage & dispensing systems, fuel/lube trucks, aircraft refuelers, and tank trucks. The convenient uncoiling systems with the added hose control allow the operator to efficiently handle fuel transfers.

**EZ-FUEL HOSE SERIES**

Models are equipped with fuel hose. Note: Do not exceed listed hose O.D. to obtain maximum length.

**O-RING COMPATIBILITY CHART**

Intended as a general guideline only. Users must test under their own operating guidelines to determine suitability. Please consult factory if your application is not listed.

1 = Recommended  | 2 = Fair   | 3 = Poor   | 4 = Unsatisfactory

**SYNTHETIC RUBBER Hose**

- Versatile, general purpose hose that is excellent for air and water service and many agricultural chemical transfer applications.
- The synthetic rubber tube and cover resists heat, sunlight, ozone and weathering. The high tensile spiral synthetic yarn reinforcement provides excellent kink resistance. This industrial grade hose exceeds RMA Class A medium oil resistance requirements. Temperature Range: -40°F to +212°F. Not suitable for the transfer of Petroleum Products.

**DEF Hose**

- DEF dispensing hose with stainless steel fittings is designed to convey the high-purity, aqueous urea solution DEF (Diesel Exhaust Fluid). Hose tube compound is specially formulated with low extraction EPDM & peroxide cured to provide superior extraction levels to significantly reduce contamination that can clog a selective catalytic reduction (SCR) system & stop diesel engine of a vehicle. Verified to meet ISO 22241-1. Temperature Range: -40°F to +257°F. Available in 25’ & 50’ lengths

**Nitrile Hose**

Premium high quality, oil resistant, multi-purpose hose that is excellent for air & water service and many other chemical applications. The high tensile spiral synthetic yarn reinforcement provides excellent kink resistance. This industrial grade hose exceeds RMA Class A High Oil Resistance requirements. Electrically non-conductive with a minimum resistance of one meg-ohm per inch at 1,000 volts DC. Temperature Range: -20°F to +212°F.

</table>

Quick disconnect couplings thread onto end of hose fitting to provide fast, leak-proof connections for low pressure hose lines. Convenitently connect, interchange, & secure pneumatic tools or other spraying devices to any air, water, chemical or other hose lines.
2 YEAR WARRANTY

Products manufactured by Coxreels are warranted for a period of two years from the date of sale to original purchaser. If within such warranty period any such equipment is proved to be defective, Coxreels shall be liable for the repair or, at Coxreels’ option, replacement when the product is returned, freight prepaid, to Coxreels’ plant or a Coxreels’ service dealer. Coxreels’ obligation hereunder shall be confined to such repair or replacement and shall be further conditioned upon Coxreels receiving written notice of any alleged defect within ten days after its discovery. Coxreels assumes no responsibility for improper choice of models or where products are used in excess of rated capacities and design functions, or under abnormal conditions. We make available a free engineering service to help with any product selection, application or problem.

Warranty is void if the product or any part thereof has been tampered with, altered, or repaired by other than authorized service personnel. Coxreels’ responsibility ceases upon delivery to any common carrier, and we do not, unless previously instructed, insure shipments beyond point of delivery to such carrier. Any products, components or accessories that are not manufactured by Coxreels and are supplied by other manufacturers are subject to their respective guarantees or warranties. Certain products will carry their own warranties. Equipment specially built to customers’ specifications and requirements is not subject to cancellation or returnable for credit under any condition. We reserve the right to modify or alter materials, dimensions, design and construction, when necessary, to improve performance.

RETURN POLICY

- No material will be accepted for return without written authorization by the factory, and a return goods authorization number assigned. Materials must be returned prepaid. A 20% restocking fee and a $5.00 repacking charge normally applies. No material will be accepted for a credit after one year from the date of purchase. Custom products and special orders are not returnable.

Coxreels’ Customer Service - 1.800.269.7335

Call and request a Returned Merchandise Authorization (RMA #). Warranty claims must be made by authorized Coxreels distributors. Be prepared to give the following information: product model number, serial number and purchase invoice number.

- Replacement parts ordered will be invoiced to your account.
- Once given an RMA #, you must write it on all boxes and paperwork. Coxreels will not accept your return without an RMA #.
- Upon receiving the return, if it is determined to be covered under warranty, a credit memo will be issued and mailed to you for your records.

STATEMENT OF HOSE APPLICATIONS

Coxreels does not manufacture any hose. All hose supplied by Coxreels is selected from reliable commercial sources and is recommended for application on the basis of data supplied by the manufacturer. Coxreels assumes no responsibility for any other application or use. Hose supplied by Coxreels carries the warranty as listed by the manufacturer (90 days).

DELIVERY

- Most standard items are shipped in five - ten business days or less. Consult customer service for availability.

PLEASE REVIEW ALL SAFETY INFORMATION BEFORE CHOOSING AND USING ALL EQUIPMENT

SERIOUS INJURY, DEATH AND DESTRUCTION OF PROPERTY can result from improper selection or improper use of products described in this catalog. Because COXREELS has no control over the number and variety of applications for which its products may be purchased or the conditions under which they may be used, COXREELS liability on any claim, whether in contract, tort (including negligence), or otherwise, for any loss or damage shall in no case exceed the price paid for product or any part thereof which give rise to claim. However, the general information contained herein shall allow the customer to select and assume all responsibility for product suitability and fitness for specific applications. As always, COXREELS technical assistance and support is available for your convenience.

WARNING - USER RESPONSIBILITIES

The customer, installer, and end users shall, through analysis and testing, assume sole responsibility in making the final selection of reels and accessories. Furthermore, these parties shall hold COXREELS harmless for all liability, claims, suits, and expenses incurred. These parties shall ensure training, performance, endurance, routine inspections, maintenance, safety precautions and warnings regarding the application are enforced at all times. COXREELS is not responsible for use of products in excess of rated and recommended capacities, design functions, or abnormal conditions.

CAUTION - PROPER SELECTION OF ACCESSORIES

Coxreels offers a wide variety of accessory items and optional features for its reels. It is the sole responsibility of the customer, installer, and end users to ensure that the proper items and features have been selected to fit the application. Consult with Coxreels technical support for available accessories and optional features which will help you to keep your product safe in its environment. These items may include mounting brackets, guards, guides, and electrical components.

WARNING - FOLLOW INSTRUCTIONS

The customer, installer, and end users shall ensure that all potential users of these products receive continual training and access to all relevant product manuals and safety instructions. This information should be thoroughly reviewed prior to installation, stored and reviewed continually during use of the product. Coxreels assumes no responsibility for failure of installation and continued use in specific applications or any overhead installations should be such that the reel is not supported solely by bolts under tension. A safety chain or cable is necessary to eliminate potential for damage or personal injury.

IMPORTANT - FOLLOW GOOD MAINTENANCE PRACTICES

When receiving your products, establish a program for inspection, testing, and periodic replacement of worn items depending on factors such as; severity of application, frequency of equipment use, and past performance indicators. Use only properly trained persons to perform these duties. Update training periodically. Document the maintenance, inspections, and testing of products. Never allow an improperly functioning reel or accessory product to be put into use.

Documented inspections shall include in part, pressurized units, swivel joints, hose, hose fittings, cable, mounting hardware, roller guides and any such moving parts. Never allow the use of hoses or cables other than what is intended in the design of the reel. Changes in diameter, weight, length, or flexibility can affect the function and may cause damage or personal injury. Consult specific product manuals, or factory, with any questions regarding proper maintenance practices.

The use of any replacement components other than those provided by Coxreels is prohibited. Coxreels shall be held harmless from any improper selection of such components which may affect function and overall safety of the product.

NOTE: All designs, specifications, and dimensional data contained in this book are subject to change without notice. No additional warranties, express or implied, including warranties of merchantability for fitness for a particular purpose, are created by the descriptions and depictions of the products on in this book.
